I've been designing for the web for 16 years now, and over 13 as a UX/UI designer. I've done everything from simple website design to UX/UI for large scale enterprise apps.

SENIOR UX/UI DESIGNER

Dec 2020 - Sep 2022

RYGEN

- Sole designer for Corsair, a greenfield Transportation Management System
- Created design system, style guide, and logos for Corsair as well as several internal apps

SENIOR UX/UI DESIGNER

Jun 2020 - Dec 2020

DOXY.ME

- Helped scale doxy.me's user experience amid growth due to the COVID pandemic
- Interviewed users, primarily solo practicing therapists
- Designed analytics dashboard to help users understand the value doxy.me adds to their practice

PROGRAMMER / ANALYST III

Nov 2019 - May 2020

COLINX

- Worked on features with roughly 75% going to development and 25% to design
- Designed new features/interactions in Sketch and implement them in React/Redux

SOFTWARE ENGINEER III

Oct 2018 - Nov 2019

BENEFITFOCUS

- Developed new Beneficiaries feature utilizing ReactJS and GraphQL
- Maintained legacy Backbone/Dust apps

CONTRACT UX/UI DESIGNER

Jan 2017 - Oct 2018

COLINX, SALES VELOCITY PARTNERS, & OTHERS

- Worked with Colinx to redesign their eCommerce app
- Designed "Deal Driver" for Sales Velocity Partners, an app that helps sales leaders run sales meetings and guide their sales team
- Also worked on several small websites and one-off projects

SENIOR VISUAL INTERACTION DESIGNER

Nov 2011 - Jan 2017

BENEFITFOCUS

- Lead interaction and visual designer on a number of features for the company's suite of enterprise software products, including: Enrollment Quick Entry, Mobile Billing App, Billing/Enrollment eSync, Billing Rebill, and Mayo Clinic integration within HR InTouch
- Designed and developed interactive demos including enterprise product demos, customer-specific feature, and mobile app demos

WEB DESIGNER

Jan 2003 - Aug 2011

SUPER DUPER PUBLICATIONS, BENEFITFOCUS, & FREELANCE
